PROFILE

Creative Designer specializing in branding, visual communication and AI-assisted creative production. Experienced in delivering creative concepts and artwork execution across advertising campaigns, large-scale exhibitions and events for international brands. Strong capability in both print and digital production, motion graphics and 3D visualization, with hands-on experience using Adobe Creative Suite, Blender, Cinema 4D and generative AI tools to streamline workflow and elevate creative output. Passionate about combining creativity, technology and emerging AI solutions to create engaging brand experiences.

WORK EXPERIENCE

AI DESIGNER

Occasions Digital & Events Limited

Nov 2025 - Present

- Developed creative concepts, branding systems and key visuals for integrated marketing campaigns, exhibitions and large-scale experiential events.
- Led AI-assisted creative workflows by leveraging generative AI for concept ideation, mood boards, storyboards, visual exploration and rapid design prototyping, significantly accelerating the creative development process.
- Produced high-quality artwork across print, digital, motion graphics and environmental graphics, ensuring seamless execution from concept development to final production.
- Created presentation decks, mockups, 3D visualizations and AI-generated visual assets to support client pitches, design proposals and internal creative development.
- Optimized creative production workflows by integrating AI tools into daily design processes, improving efficiency, visual consistency and turnaround time for marketing campaigns and event deliverables.
- Managed artwork adaptation, pre-press preparation and final production output for multi-platform marketing collateral, digital content and large-scale event installations.

SELECTED PROJECTS

- Bosideng 50th Anniversary Exhibition** — AI-assisted exhibition & retail experience design
- MGM Macau x HAHALULU** — IP campaign creative development
- French May Arts Festival 26** — Mona Lisa in Hong Kong IP & collectible series
- DJ Snake Live in Hong Kong** — LED advertising animation and event LED materials

INDEPENDENT ANIMATION DIRECTOR

12th Animation Support Program: Modify HIM!

Jun 2024 - Jun 2025

- Directed a full animated production and supervised a team of animators, leading a six-member team and securing HKD 130,000 in funding from the Hong Kong government.
- Created a unique animation IP and handled 3D modeling.
- Used professional software such as Autodesk Maya, Blender, DaVinci Resolve, and Logic Pro throughout the production process.

INDEPENDENT CREATIVE DESIGNER & VIDEO EDITOR

FWD Insurance (Retainer Project)

Jul 2023 - Dec 2024

- Produced marketing videos, motion graphics and digital campaign assets for branding and corporate communications.
- Developed creative concepts, storyboards and presentation materials for internal and external campaigns.
- Managed end-to-end creative production, including graphic design, video editing, motion graphics and final asset delivery.

Game Source Entertainment (Retainer Project)

- Previously collaborated with GSE and Golden Harvest to design a game showcase project and concept store. The design was reviewed and adopted in collaboration with Microsoft, Sony, and Nintendo.
- Responsible for designing game display installations for GSE, which were exhibited at the WePlay Expo in Shanghai, Golden Harvest cinema theaters, and ANIMA TOKYO in Tsim Sha Tsui, Hong Kong.

Upside Lounge (Retainer Project)

- Provided comprehensive design solutions for a newly launched bar, including interior design, logo, menu, and website development.
- Managed social media operations and implemented Google SEO and OpenRice marketing strategies, driving over 500,000 views for the new location to significantly boost brand visibility and overall business performance.
- Organized promotional events in collaboration with KOLs "Happy Bacalhau" and "dou lei syu" and created custom props and promotional materials to maximize exposure for the bar and restaurant.
